

Dr Swati Partani believes that *“Happiness in teaching comes from creating self motivated learners.”*

She is HOD and Asst Professor of the Department of Child Development at Maniben Nanavati Women’s College and serves as an **Executive Editor** of International, peer reviewed Journal- Research Horizons and **Programme Officer** of NSS unit.

She has been appointed as an **Expert member to the Advisory Committee** of Crèche at **Institute of Chemical Technology**, a government recognized body. She is an expert to the advisory panel of **Simplydo- Learning Synapses Education Solutions LLP**, organization geared towards the preschool sector. She has received the Best **Research Paper Award** for the use of innovative teaching pedagogy in higher education at the National conference. She has been **honored for her Contribution in Research** and is recipient of **Best Reader Award** by the institute. Dr. Swati has also been **awarded** by Institute of chemical technology for her contribution in training the personnel of ICT. She was invited as **Judge** to colleges for intercollegiate research competitions. She has **Co Chaired** the poster presentation sessions for national conference at Tamil Nadu. She has been a **Key Resource Speaker** at the National conference held at Mumbai.

Her creative teaching learning is not only confined to classroom but also to the preschool teachers of NGO’s and private schools by conducting full day workshops in the capacity of **key resource trainer** for the organizations like **Save The Children India** and **Mumbai Mobile Crèche**. She is proactively supporting the **Ampersand group** by developing content for training preschool teachers. She has organized interactive sessions and delivered talks on **Positive parenting, Technology in Preschool Children** and **Recent Perspectives in Child Development, Child Rights** for parents and students. Along with her students she has developed the Mobile App **“Roshni- to protect children from child sexual abuse”** and a website **“RAAH- to provide holistic support to transgender people.”**

She has been teaching and guiding P. G. students at the Human Development Department of SNDT Women’s University for seven years. Under her rigorous training, students from the UG section have consistently won prizes which were **prestigious research conventions** of zonal and state level and at intercollegiate level too. Various papers have been presented by her at international and national conferences primarily related to innovative pedagogy and social media. Her publications were published in international and national journals too. Two books have been co authored by her on Multiple Intelligences theory and its application at different developmental levels of children.

She has organized an intercollegiate seminar on “Inclusion” for parents, teachers and students; she successfully completed her one month Orientation Programme at UGC HRDC- Mumbai with ‘A’ **Grade and FDP** from Ramanujan College, University of Delhi.
