## Student's Corner

### Dear best friend

How should I describe you?  
 A sister, a saver, a lover, or a comforter  
 I still remember our time  
 How we use to be,  
 How we used to be  
 The memories we made for eternity  
 The love, the friendship, the bond we shared  
 We did everything together,  
 We did everything together  
 We were meant to be one  
 Our bond, our bond made us stronger day by day  
 We fought, we argued, we hated but in the end we  
 laughed,  
 we laughed like nothing happened  
 I still remember how I used to call you at night  
 and tell you all my sorrows  
 And you being YOU would always console me  
 I miss our old times  
 I miss how we used to be  
 But specially I miss you  
 I MISS YOU  
 And I love you

-Tahura Baloch, TYBA

### You

As I was in hunt of new me  
 And scrolling through people with talent  
 Through the hunt to find me  
 I got to a profile which was simple but not for me,  
 Your "BRAVERY" caught my attention  
 as the lion with blue dragged me to u.  
 Your word left me stunning  
 Your "RANDOM PSYCHO" left me speechless,  
 Your thoughts made me wonder  
 Your soul made me shudder  
 The dark and hope you live with clicked in me  
 And i paused in wonder "HOW THIS BEAUTY  
 WOULD BE?"  
 Your beautiful yet dark words gave me the image  
 of you enchanting beauty and that pure soul that  
 you conquer, the queen that rule this beautiful  
 soul who is a warrior with scars yet beauty of stars.  
 I wanted to know they beauty queen as I couldn't  
 stop myself to talk to you,  
 And here I am stranger at first  
 but friends with curse  
 As you enchant beauty has casted a spell on me  
 And here I am trapped in this beauty's kingdom.  
 As this was fate  
 And I became this soul's mate.
