MOVING TOWARDS GENDER EQUALITY: CONTEMPORARY CHALLENGES

24th September to 9th October 2021

India has given a constitutional mandate providing equality to men and women in all walks of life. However, the ground realities are very different. Patriarchal mind-sets continue to prevail amongst women, men and indeed all genders. Ingrained social and gender norms continue to hamper the path to equality. The Genderlogue is a series introduced by the FES India office to provide a platform for India-wide deliberations on issues which matter to all. Understanding, challenging, and churning gender norms to move towards gender equality at the political, economic and societal level is the touchstone for these events. In this exploratory journey FES India announces a series of online GenderLogues titled "MOVING TOWARDS GENDER EQUALITY: CONTEMPORARY CHALLENGES" in partnership with Maniben Nanavati Women's College, Sophia College (Autonomous) Mumbai with St. Arnold's College, B.M. Ruia Girls College and Swami Vivekanand Night College. The series coordinator is Professor Vibhuti Patel, Gender Economist and Women's Rights Activist.
