

**5.1.5 The Institution has a transparent mechanism for timely redressal of student grievances including sexual harassment and ragging cases.**

Jan 2022 responses

1] The stink was due to settling on the 3<sup>rd</sup> floor.  
Classes were ~~se~~ move to 4<sup>th</sup> & 5<sup>th</sup> floor classrooms

2] Considering the challenges, construction for other areas have been halted & shifted to the vacation period of April-June.

3] CR's were advised to be properly informed & to remain updated with changes & modifications

4] Teachers were advised to ensure digitally healthy practices during online classes -

Jan 2022.

The classroom on 2<sup>nd</sup> floor stinks alot and make a really uncomfortable environment for the students to sit their and study.

The construction in college should be done in the vacation period so after coming back students have a comfortable environment to settle down and not to fight for classroom.

Certain CR's should be understanding towards those students who are genuinely asking about a query.

In online lectures baground noise is too much so we couldn't hear what the teachers are saying

Feb 2022 Responses

1] An academic calendar is usually planned every year. Due to inconsistency in working hours & scheduling at the University level, an academic calendar could not be put out. Updates are regularly posted on the website.

2] Tissues & handwash get misused adding to clutter in the washrooms.  
Pad vending machine will be shortly installed.

3] College premises have security measures in place including C.C.T.V.'s. Some areas under construction do not have cameras but have staff monitoring the area.

Feb 2022.

Student Council Committee should pre-plan or make a planner for whole academic year in the start and make it with help of students too, have more transparency.

- 1] The bathroom hygiene should be improved. The basics such as tissues, handwash and a working pad vending machine.
- 2] Working cameras should be present in every area of the college mainly the classrooms and should be accessible to the students if any situation arises, for instance - a robbery.

March 2022 response.

- 1] Due to various protests & demonstrations at the University level, clarity from their end was missing. MANWC has to abide by SNDWU rules, and hence no confirmed dates could be given.

April 2022 Responses

1] Student feedback noted. New canteen hired

2] Teachers were advised to take into account University exams, although these seemed to be lack of clarity at the University itself

April 2022.

There should be good variety of food in the canteen with good quantity as compare to price and should maintain hygiene.

The assignment and examination schedule should be in a systematic order rather than cluttering them together.

Strict action should be taken by the instructor if students are caught cluttering the premises.
