METHODOLOGY: Participative

OVERVIEW: The talk on Inclusion was conducted by the Child Development Department of Maniben Nanavati Women's College on 03 December, 2020 at 11:45 A.M. The talk was conducted for the undergraduate students. It was organized in honor of the International Disabled Persons Day celebrated on the same day. The session commenced with a poem recited by Ms. Belita D'souza a student of TYBA. It was titled "I'm Not Special, I'm Just like You". Following which, was a brief introduction of the guest speaker -Ms. Manjushree Patil. She went on to introduce Aatman Academy, a school created by her and her team for students with all kinds of disabilities. It is a place where one co-creates learning using innovative and creative methods to overcome and manage challenges. Ms. Patil started off with showing the participants various assortments of fruits in different forms, colors, shapes, sizes and of varied types. She went on to associate this with the different and diverse individuals we see in our everyday lives and that is what makes us unique. She placed a large emphasis on looking beyond a person's disability and

instead recognizing them for their contribution and most importantly viewing them as a whole. In order for the participants to truly understand inclusion, Ms. Patil screened two short films on inclusion and exclusion. The first was, CGI 3D Animated Short: "Ian" - by Mundoloco CGI I am Foundation presented by The CGBros. The message of the short film was, to understand inclusion; we must use empathy and recall instances when we were excluded. The next film was Purl by Pixar, Spark Shorts. The film relayed a message of trying to fit in when discriminated against. With great vigour, the speaker urged the participants to look beyond inclusion, and aim to create a space and sense of belonging. Ms. Patil says, "We need to shift the paradigm, from disability to diversity, from problem to panorama." She put a great emphasis on teaching diversity and the importance of radical and unconditional acceptance. The speaker went on to recite a poem she had penned a few years ago. She shares with the participants her utopian dream- "I wish one day we won't need inclusion anymore, we will all just be and that day the work will be done". Following this was another poem recitation titled "Main alag hu" by Ms. Kajal Jaiswal, student of SYBA, followed by a question and answer session. The speaker addressed questions relating to an inclusive curriculum, challenges faced, teaching during covid, etc. The session concluded with a formal vote of thanks by student Ms. Raajalakshmi Iyer and the HOD of the Child Development Department Dr. Swati Partani and the participants sharing their sincere gratitude to Ms. Manjushree Patil.

OUTCOME:

Students understood the concept of inclusion and how to apply that knowledge in the real world

Project Akshaya (The Nutritional Breakfast Scheme) IQAC and FN Dept

Overview:

Frequent cases of students displaying weakness, feebleness, headaches , anemic tendencies and menstrual problems , at times resulting into fainting and fever have been observed and recorded by the medical doctor on the campus. The IQAC in collaboration with the Department of Food & Nutrition realized the need to start a free nutritional breakfast scheme for the students from needy sections. Project AKSHAYA was the outcome of this realization.

Project Akshaya:

Project Akshaya was launched on 8th July 2020 by the College to cater to the nutritional needs of students. The main objective of the project is to provide a healthy breakfast to the needy students. Out of the total strength of the college, the Departments were requested to identify at least 5 students from their classes and hand over the names to the Vice Principal Dr. Rita Patil who is also the Head of the Department of Food & Nutrition.

The Department of Food & Nutrition prepared a breakfast plan which comprises of nutritional snacks such as Pohe, boiled chana, bananas, roasted grams and peanuts, chikkis, and Sattu drink. It was decided that the students could pick up their breakfast at 9.30 from the second floor near the lift. Mrs. Vandana Keni, the Lab Assistant is given the responsibility to arrange for distributing the breakfast items. Apart from the daily breakfast, students are provided nutritional snacks on a few occasions such as workshops, training programmes or sports events

Fund Allocation:

The fund for the project is allocated by the Management of the college under the Student-welfare head. A few regular donors such as Inner Wheel Club of Bombay West and Inner Wheel Club of Bombay Airport have shown a keen interest in supporting the project.

YAMI collaborated with the Blue Ribbon Movement to engage the students in socially relevant issues in small groups. The focus is on creating a student think tank that deliberates on matters pertaining to national interest. The year began with students of B.Com. and YAMI volunteers understanding the Blue Ribbon Movement and how they could benefit from the various programs they offer.

A significant achievement of the collaboration with Blue Ribbon Movement was the building of student civic leaders who engaged with civic authorities to bring about change in their surroundings through their Community Connect Challenge. We should always promote peace and stop violence and UN should play a big role and children should be taught Gandhiji's values and ideology from childhood as they are very important in today's time and therefore it's important to spread his ideas and message which can help us to solve current problems and issues peacefully and read a poem to indicate the 21st century problems and thanked all the students and dignitaries present.
