Anti-Ragging Week Report 12th-18th September 2023

Maniben Nanavati Women's College celebrated Anti-Ragging week from 12th-18th August, 2023. As part of the week celebrations anti-ragging themed posters were displayed from 12th to 18th August at the entrance. The thoughtful posters were made by MA psychology students on the theme of anti- ragging. In addition, posters made by MHRD and UGC were also displayed. A total of 16 posters were displayed. The students and staff were encouraged to visit the posters. The posters covered how ragging can be identified and what are the psychological long term impacts of ragging . The posters aimed at helping victims and spectators identify bullying and generating awareness of how and where the reporting needs to be done.

In addition short films and discussions were shown to all first year students in the 4.2 Hall on 12th August ,2023. The short films were from the Anti -Ragging India website which is run under Centre for Youth(C4Y) . C4Y is a monitoring body in association with the Ministry of Education, Government of India and the University Grants Commission. C4Y monitors the National Anti-Ragging Prevention Programme . The first video “ Towards a ragging free Campus” was a Panel Discussion organised at Banaras Hindu University. The Video discussed the menace of ragging and how it can damage individuals. The video also discussed what can be done at the individual level, organisation level and policy level. Anti-ragging documentary had higher authorities speak about what they are doing for anti ragging. Besides these short videos gave perspectives of various stakeholders- the victim, offenders , parents , friends and authorities. A short film on Anti -Ragging “Kiara” by Government Dental College was also shown to students. The film traced the journey of two friends who were victims of ragging and how one of them fights and survives and the other friend succumbs to ragging. This film allowed the students to understand that there could be different ways to handle ragging and showcased the effective ways of handling the situation.

A total of 176 first year students attended the short films screening session and report to learn various perspectives about ragging and how ragging could be tackled. Short documentary screening was organised for SYBA students in their class on 14th August 2023 which was attended by around 35 students. Both First year and second year students were informed about the anti-ragging cell of the college and were given instructions or procedures in case they would like to file a complaint. Overall, the week was effective in creating awareness, empathy and perspectives in the students along with making them aware about the anti-ragging policies of the college.

Review of suggestions received in the box was carried out. The common suggestion received re:

1. To have medical kits in every class
2. During exam the instruction should be given before or after the exam and not during the exam.
3. To support students for extra-curricular activities.
4. To understand students, view point and be flexible.

Course of Action proposed are:

1. Since every class medical kit will not be possible the location is communicated via CR on a continuous basis.
2. Focus and Support students for extra-curricular activities.
3. Through exam committee the information will be disseminate to the teachers.
