Date: 1st July 2022

GREEN AUDIT REPORT

MANIBEN NANAVATI WOMEN'S COLLEGE, Mumbai

I, the undersigned, Mr. Siubhajit Mukherjee, Founder of Mission Green Mumbai, has visited the campus, checked all the devices, installations and documents submitted by the College. Following are the findings of the Green Audit Report Conducted at MANIBEN NANAVATI WOMEN'S COLLEGE, Vile Parle West, Mumbai :

1. Physical Infrastructure:

The college is located in 1.83 acres of land. The Total area is 7613.6 sq. mts. The built-up area of the college is 7237.43 sq. mts. The College is proud of its quiet, serene, lush green campus, a rare privilege in a metropolitan city of Mumbai. The building is an impressive Ground plus five storeyed structure, airy, lighted, well built and nicely maintained. Cleanliness, hygiene and eco-friendly practices are the striking features of the campus.

2. Front Garden and the Open Space of the Building – There are 16 types of trees on the campus. The College has a lush green campus, well maintained and a gardener who attends to the green needs of the campus. The NSS volunteers are engaged in tree plantation drives.

3 Special Highlights of the Campus:

- Classrooms, laboratories, offices, library etc. have high ceiling.
- Ample sunlight is provided in corridors
- Ventilation in classrooms is facilitated by windows and fans.
- Cross ventilation is facilitated due to large windows on both sides of some classrooms.
- Exhaust fans are provided in washrooms, and Food Laboratory.
- Proper parking facilities for two-wheelers
- Angular Parking for a few cars
- Cycle stands

4. Electrical and Alternate Energy Systems:

- The College has installed Sensory tube lights
- LED Tube lights have been installed
- The College has reduced and save electricity units. The findings are there in the file.

- d) Solar lamp posts have been installed on the campus
- e) Each classroom and foyer has instruction Boards to save electricity

5 Water Conservation Practices on campus

- a) Ground Water Recharge Unit
- b) Water Harvesting Unit
- c) Water Sensory Taps. In washroom areas

6. Waste Management Practices on Campus:

- a) E- Waste Management system
- b) Dry waste Management practices such as shredders, reusing papers, e-management services, sending paper waste to scrap dealers and bins
- c) Green waste management practices such as piped compost pit, kitchen garden
- d) Incinerators for bio-medical waste disposal

The College has received a certificate of appreciation and excellence from K WARD, Bombay Municipal Corporation and other agencies for Eco-Friendly Practices.

MANIBEN NANAVATI WOMEN'S COLLEGE

This is to certify that this organisation effectively and successfully carries out the work of segregation in their community and contributes to keeping their environment clean.

We thank you for your efforts and commitment to keep our city clean.

Dr. Prithviraj Chauhan

Assistant Commissioner, Municipal Corporation of Greater Mumbai

About the College

Maniben Nanavati Women's College was established in 1972. It was initially known as Nootan Mahila College and was started by Bhagini Seva Mandir's Kumarika Stree Mandal (BSMKSM). The Foundation Stone of BSMKSM was laid by Mahatma Gandhi. The College was eventually taken over by the Shree Chandulal Nanavati Women's Institute & Girls' High School. Since then the College is conducted by the same Trust. Smt. Maniben Chandulal Nanavati was a freedom fighter who worked with Mahatma Gandhi during the Indian freedom movement. She was known as 'Khadi Mata' for her immense contribution in promoting it. A philanthropist and humanitarian who worked for the upliftment of women and children in the remotest parts of India, she strongly promoted and practised what is now termed as the conservationist idea of "Reduce, Reuse and Recycle." The College cherishes the legacy of her strong values of compassion, conservation and caring for others. An empowered woman who empowered the lives of thousands of women around her, she stands as a role model for all of us at Maniben Nanavati Women's College.

Vision

'Sa Vidya Ya Vimuktaye' - Knowledge is that which liberates

In line with the vision, the College focuses on empowering women through knowledge, skills and providing opportunities to them for their holistic development.

Mission Statement of the College

'Empowerment of Women through Access to Higher Education'

Core Values

Integrity: We place truth and honesty at the helm of all our activities.

Excellence: We provide a stimulating environment conducive to overall development of each and every student

Goals

- To facilitate knowledge and skills to lead to economic empowerment of students.
- To encourage holistic development of students and staff members.
- To foster and develop ethically conscious and socially responsible citizens.
- To encourage financially and academically weaker students for taking up higher education.
- To provide opportunities and platform to adult learners.
- To sustain total quality management in academics and administration

Physical Infrastructure:

The college is located in 1.83 acres of land. The total area is 7613.6 sq. mts. The built-up area of the college is 7237.43 sq. mts. The College is proud of its quiet, serene, lush green campus, a rare privilege in a metropolitan city of Mumbai. The building is an impressive ground plus five storey structure, airy, lighted, well built and nicely maintained. Cleanliness, hygiene and eco-friendly practices are the striking features of the campus.

Front Garden and the Open Space of the Building

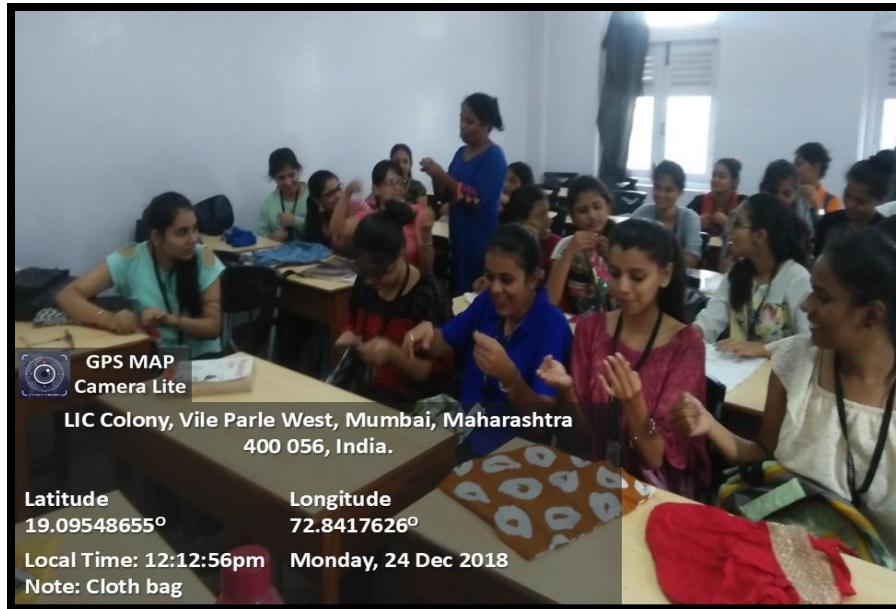

The College Premises

Special Highlights of the Campus:

1. Classrooms, laboratories, offices, library etc. have high ceiling.
2. Ample sunlight is provided in corridors
3. Ventilation in classrooms is facilitated by windows and fans.
4. Cross ventilation is facilitated due to large windows on both sides of some classrooms.
5. Exhaust fans are provided in washrooms, and Food Laboratory.
6. Proper parking facilities for two-wheelers
7. Angular Parking for a few cars
8. Cycle stands

CLOTH BAG MAKING

PTA involved parents in the mission to create eco-friendly cloth bags that were a valuable alternative to plastic bags. So, mother volunteers made cloth bags for which material was provided by the college PTA.

Dept of Sociology: CHAITANYA PROJECT

To sensitize and motivate students to protect and save the environment, they made 75 cloth bags and distributed them among teachers, parents and vendors at Vile Parle station.
